LM Funding America Announces August 2025 Production and Operational Update

TAMPA, FL, September 8, 2025 — LM Funding America, Inc. (NASDAQ: LMFA) (“LM Funding” or the “Company”), a Bitcoin treasury and mining company, today announced its preliminary, unaudited Bitcoin mining and operational update for the month ended August 31, 2025.

“Our goal is clear: grow our Bitcoin treasury over the long term,” commented **Bruce Rodgers, Chairman and CEO of LM Funding**. “In August, we closed financing that allowed us to more than double our Bitcoin treasury by purchasing 164 Bitcoin, further strengthening our position. Before this financing closed, we sold 9 Bitcoin to help fund escrow for our Mississippi acquisition and normal working capital needs. In terms of production, even as average network hash price declined 4.9% month-over-month and high temperatures impacted production, our curtailment and energy sales program helped protect margins, offsetting mining costs by approximately \$52,000. This combination of decisions and disciplined treasury management keeps us on track to accumulate more Bitcoin over the long-term.”

The Company estimates that the value of its 311.2 Bitcoin holdings on August 31, 2025, was approximately \$33.8 million or \$2.18¹ per share, based on a Bitcoin price of approximately \$108,500 as of August 31, 2025, compared to a stock share price of \$1.25 as of August 31, 2025.
